1. Noise and Acceptable Behaviour

Noise must be kept to an acceptable level at all times, during the event **and as guests are leaving**. (Community Association By-Law 17.1)

The following rules apply to music at the Station:

- No bands allowed
- No amusements or games to be used without approval of RSM/Community Association. Examples: disc jockey, smoke screens, jukeboxes or any games.
- No sound systems, including karaoke, are to be brought in from outside.
- Only the Station's sound system is to be used.
- A volume control limiter is to be placed on the Station's sound system.
- Windows and doors are to be closed after dark.
- If the responsible resident does not behave appropriately, the guard may call the police; and will notify the Resident Services Manager advising that the responsible resident should be placed on the black list.
- Residents adversely affected by noise should complain to Security on the night (who sends a report to the Resident Services Manager). They should wait to see if Security could manage the problem. After, say, 15 minutes, they should ring the City Council Rangers (if on the waterfront, which is SHFA's responsibility); otherwise the Police.

The Community Association does not tolerate anti-social behaviour, which includes drunkenness, shouting, excessive noise levels and the use of bad language. To minimize the risk of this occurring, the responsible resident is asked to ensure that guidelines for the responsible service of alcohol are followed, especially:

- That alcohol is not served to persons under 18 years of age
- That alcohol is not served to persons who appear to be intoxicated

If an attendee does not comply with a request from a security officer to desist from antisocial behaviour, the police may be called.
