**DELIVERIES/PICK UP &  
MOVE IN/MOVE OUT PROCEDURES**

**From February 1<sup>st</sup> 2019**

**(B) MOVE IN OR OUT**

**Only the Resident Services Manager (RSM) is authorised to schedule a move in or out. Does not apply to The Stables.**

REFUNDABLE DEPOSIT A refundable deposit of \$500.

NON-REFUNDABLE FEE A non-refundable fee of \$190 - \$220.

BOTH DEPOSIT & FEE must be lodged with the RSM at the time of booking. The non refundable fee is to pay for a dedicated security guard to supervise the move in/out process to ensure all procedures are followed and any damage to common property by the mover is noted. If property damage is recorded, the Refundable Deposit will be withheld pending advice as to the total costs of repair and/or additional cleaning. The liability for such costs will rest with the person/s requesting the move. The costs of any damage will be deducted from the Refundable Deposit.

The person responsible for the move must be aware of lift (if applicable) and loading dock measurements. They will be provided with key access to lift controls and Security will supply and fit lift protection and provide instruction as to locking off the lift ( if applicable).

A security guard will be in attendance dedicated to the move for 4 hours. (With the exception of 25 Cadigal Ave – The Stables).

**PROCEDURE FOR MOVE IN OR OUT:**

1. Resident to contact RSM to schedule the move. RSM to supply Moving Procedure Document, and Moving Request Form, the latter to be completed by resident, with payment of Non Refundable Fee and credit card details supplied for the Refundable Deposit.
2. Once all documents and payment details are received, a confirmation email will be sent by the RSM. A "Living at McCaffery's Hill" booklet will be included in the confirmation email for new tenants.
3. On the moving day Security will put in the lift protection (where applicable) early in the morning (no earlier than 1am, and no later than 6am.)
4. Resident to call Security upon arrival. A pre-inspection of the common property is to be carried out prior to start of move, Security will take photos of any pre-existing damage, and will use the lift key to lock off the lift if this is required. Security will be present during the move to monitor adherence to procedures.
5. After the move is completed Security will carry out a post- inspection. It is the resident's responsibility to make sure the common area is clean. Photos will be taken if necessary and any damage or cleaning required noted. Resident and Security are required to sign and acknowledge the inspection forms during pre and post inspection.
6. Security to remove lift protection after all scheduled moves/deliveries are completed on the day. Lift protection will be removed by 6pm (unless a late delivery has been scheduled, when the lift protection will be removed straight after the late delivery).
