

AVOID A FLOOD IN YOUR APARTMENT

Many of our buildings are now more than 20 years old. There have been several floods in apartments, largely caused by failures in the plumbing, mainly in flexible (under sink) hoses and hoses to appliances such as washing machines, dishwashers and plumbed fridges.

Sometimes the owners are away, and the flood is not discovered until it has done much damage, and often spread into foyers, lift wells and even other apartments.

All owners are encouraged to have your plumbing checked and hose connections replaced. Talk to your building manager and/or strata committee if you have not yet done this, as some stratas have made an arrangement with a local plumber or handyperson to replace hoses and connections at a special price.

Since this kind of crisis often occurs when the owners are away, you are also advised to ensure that someone else nearby – neighbour, building manager, keysafe – has access. No-one wants to return from their holiday to have to replace the carpet or floor boards and furniture, and spend months negotiating with insurance companies to get the problems fixed!

DONATE TO SAVE LUCY'S LIFE

Fleetview resident four year old Lucy Galvin has a rare cancer, and is undergoing expensive drug trials that may save her life and the lives of other children hit by this disease. Her friends and neighbours have pulled together to

raise most of the funds needed. Now it is our turn - everyone can donate to the Children's Cancer Institute - www.ccia.org.au

JOIN THE CHRISTMAS IN PYRMONT TEAM

The Christmas in Pyrmont committee has begun planning for this year. However some of us are getting older (!) and we need more help, especially younger people.

- Could you help recruit and manage the stalls?
- Could you help manage the money on the day?
- Could you help set up equipment for performers?
- Could you approach businesses for sponsorship?

Join the committee? Or a subcommittee?
The more help, the lighter the load.
